The SlotsUp team works hard every day to let you select games from our online database that lists all the slots ever produced and read precise info about each of them. Fat chance you will leave without what you've been particularly looking for, but in case you don't manage to get what you wanted, please do feel free to contact us and leave our team a request as to what slot exactly

you'd love to try out, and we will gladly do the searching or contact the game developer directly to at least bring you the requested game in demo mode. Multi-hand games begin exactly the same way as a standard round of video poker. However, after you choose which cards to discard, the replacement cards will take place separately and randomly for each hand you are playing. The same cards can be drawn for multiple hands; it is as though each hand is being drawn simultaneously from separate but identical decks. You'll receive payouts from each hand that wins, with all of those winnings totalled to give you your final payout. Three Seven Symbols – If three of the purple seven symbols appear on the reels, the player receives 100 times their denomination for a single coin wager and 200 times for two coins. There is a pretty simple welcome package for new players of the 7Sultans: you get \$500 bonus cash in the form of 100% match bonus. However, it's your decision how you would like to get it – you can claim it by depositing \$500 on your first deposit, you can claim it in 5x\$100 payments, or any other way. The main idea is that you can claim a maximum of \$500 and the offer is valid only for the first five deposits. Prime Slots usually has the latest releases from major designers like NetEnt and Microgaming, as well as a few exciting surprises from less well-known developers. Some of the most popular new releases include Divine Fortune, Poltava, Warlords and Jungle Spirit. As well as stunning graphics, the new video slots feature all kinds of winning extras that go far beyond the conventional Wild and Scatter. Players can expect a steady stream of bonus rounds, free spins, free games and chances to double their money. Roulette is one of the most popular games for good reason; it's easy-to-play and friendly to newcomers as it requires little practice and zero skill to jump in, have fun and win big. If you're new to the casino, seek out European Roulette games – these are distinguished by a single zero on the wheel. On those wheels, every bet you make has a house edge of 2.7%, significantly lower than an American table with a double-zero added. On a true European roulette table, you can get even better odds thanks to the 'en prison' rule – playing any even number bet, and you'll cut the house edge down to under 1.4%. **Gameplay** The game has some additional features which help you to get really big winnings and fill the game with magic and mystery. The magic of the Witch Doctor helps you to launch free spins game. The Witch Doctor may suddenly appear after any spin and cast the spell upon the reels. All Tiki masks, crocodiles and skulls on the reels turn into the Witch Doctor symbols and you will receive 6 free spins. The feature can be re-triggered randomly and you will receive additional 6 free spins if the Witch Doctor appears during the bonus game again. The game has also the Scatter and Wild symbols like many casino video slots. Two or more Scatters pay appearing anywhere on the screen. And the Wild symbol is used to complete the win lines being the substitution for any game symbols, except the Scatter.
