The Casino was brought to us over 8 years ago and boast as one of Europe's leading online casinos. Roxy Palace Casino is available in 7 different languages and can be accessed from many different countries from across the world. The main reason why there are no South Korea based online casinos and why local laws are that strict when it comes to running internet casino platforms is a strong believe that players from South Korea are much more prone to gambling addiction than the residents of other major countries. Recently Kangwon Land casino has been even made to shut two hours earlier each day to mitigate problem gambling. However, at the top online casinos for South Korean players you can gamble 24/7 without fearing that somebody will put a "compulsive gambler" tag on you as is the practice in the only land-based gambling house available for local residents. Free Spins are won by landing three television set scatter symbols on reels 2, 3 and 4 in the same spin. The game starts the player placing a bet and then two cards each being dealt face down to the player and to the dealer. The player is usually first to play. The object of the game is to get as close to 21 in the total value of the cards as possible. You win the game by being closer to 21 than the dealer, by hitting blackjack (an Ace with a 10 card), or by the dealer going bust (having a hand value that is over 21). If there is a tie, known as a push, your bet is returned. Note that a blackjack beats a hand of 21 if the latter is made up of more than 2 cards. Typically either player getting a blackjack ends the game immediately.
