Each game of online pokies whether you are playing 5 reel slots or 3 reel slots, progressive 5 reel slots or standard online pokies games will have its own rules, but there are a number of tips to win at pokies that you can take into consideration which applies for all of the games. The most important thing when playing 5 reel slots is to set your budget, make sure you have enough money in your account to cover a few rounds of the online pokies. Don't use your budget all in one go, this is one of the top tips to win at pokies which is often ignored. You should always spread your budget across a number of spins so that you know where you stand when playing Australian pokies. As it is obvious from the name, 5 reel slots have 5 vertical rows of game symbols that spin and create winning combinations. The number of these combinations is the first thing that make 5 reel slots stand out as the increased number of reels make it possible to have more possible paylines and thus make these slots more lucrative. The increased number of reels also means that there can be more game symbols and more advanced features can be used. While in classic slots we only had wild and scatter symbols (and sometimes we didn't have any special symbols at all), free slot games with 5 reels made it possible to create different variations of wild symbols such as stacked or shifting wilds and also use more bonus rounds and mini-games. Another hallmark of 5 reel games is how they look. Modern technologies give more space for graphic and sound effects and that's why most of the 5 reel games are video slots or 3D slots. While the classic 3 reel games are usually so-called "fruit slots" where the only game symbols are fruits and lucky 7's, the 5 reel slots have more variety in themes. While playing free 5 reel slots online, you can travel to the Ancient Egypt or Asia, meet wild animals or walk around the creepy haunted house with just a few clicks. Animated symbols and various bonus games make video slots look more like full-fledged video games. They are cool to play when you are an experienced gambler but might be a little bit complicated if it's your first time playing casino games. So if you are a newbie, you'd better start with simple 5 reel games with no more than 20 paylines and then slowly move to more sophisticated games with advanced features and bonuses.
