Basically, multiplier feature in online slots doubles, triples, or increases your wins up to x1000. Of course, the actual figure depends on the slot game and your luck. While some multipliers may

have definite rules, all described in the game info, others may seem rather complex. Also, there are multipliers increasing your wins, whilst another type of multipliers increases either the line bet, or the total bet. The third version of Roulette is French Roulette; this game has 37 numbers just like the European version. This game includes the La Partage Rule that is used in some French land based casinos. When the 0 is called, the players get some relaxation if they have wagered on the even money bets. These bets include the Black or Red, Even or Odd and First 18 Numbers or Last 18 Numbers. For the players who have placed these wagers get half their wager back if the 0 is called, this decreases the house edge to even less than that in European Roulette and makes French Roulette the most complimentary online roulette game. Unluckily, not all online casinos offer the French Roulette. Regardless of the advantage with the house edge, French Roulette is not at all popular with the new Roulette players. There are two reasons behind this. The first reason is that the text on the layout is in French. The second reason is that layout is green in color for the background and is hard to tell the difference between the red and black numbers. As a result players find it real difficult to tell which numbers are red and which are black. Not only that but there are up to £/\$/\[

At the end of each spin, you get the Ammo Clip symbols at random to try wipe out the hordes of aliens appearing. To know how much of ammo you have left, you could check the Ammo Clip Counter. This is a counter that appears at the lower right side of the screen and lets a player know how many ammo clips are still there. The number of ammo clips is critical because you get a re-spin only until the ammo clips are there. You become alien-fodder when the ammo clip counter reads 0. When you complete the level in 10 steps, you progress to the final level: the Hive. Technically, multipliers increase your winnings. They have different values. A pokie can contain a 5x multiplier which will increase the winnings 5 times, or a 2x multiplier which will double the winnings. Multipliers work a little like a wild symbol as it replaces other symbols in winning combinations. aristocrat technologies inc
