If a Bitcoin casino claims to be provably fair, it's important to check their methodology for yourself. They will have it listed somewhere, and you can use your client seed, and the server hash, along with the outcome of the event to check it works. Since it sounds so positive, and is an alien concept to many, casinos might say they're provably fair when they're just using the buzzword to get your custom. Learn how to check for yourself and you'll be sure to be getting a genuinely legitimate casino experience. It's akin to being able to check a deck of cards for fairness in a brick-and-mortar casino.
